McCullochs	617	Bad Boy Mowers	Mow with an attitude. Bad Boy Zero Turn Mowers are designed and built in America, with powerful engines and a ruggedly handsome chassis. With a model to suit all sized requirements, Bad Boy have the mower for you
Mrs C's	GI.42	Olive Oil Variant	Olive Oil Variant
Padman Group	999	Padman Quick Culverts	Padman Quick Culverts is an exciting new business, providing our famous arch shape culverts to the civil industry. If you loved our Ag range of MaxiFlows, you'll love our council approved Quick Culverts.
Polymaster Group	297	Self Draining Liquid Fertiliser tanks	New Self-Draining Liquid Fertiliser tanks allow complete washdown between seasons or mixes, minimising the chance of any contamination. By completely emptying the tank, no valuable liquid fertiliser is wasted – saving on-farm costs. This new range includes 23,000ltrs, 28,000ltr and 33,000ltrs. The largest in the range has a volume capacity to accommodate the full tanker load on-farm.
SheerSpeed Shearing Products	1414	Magnetic Grinding Papers	These papers replace the glue-on papers for use on steel grinding discs for the sharpening of shearer's combs and cutters. The papers take less than a minute to change to a new one, as opposed to a much longer time frame with the glue-on papers.
		Woolmaster Wireless Control Shearing Handpiece	Remote on/off control of the handpiece which works in conjunction with a counter. The pull-cord no longer needs to be pulled to begin or end shearing a sheep which, with each sheep, gives a digital readout of the number of shorn sheep.
Showdem Promotions	GI.73	October	Will have new styles ready for October
Treehab Tiny Houses	11	Tiny House - Banksia Model single level	Banksia Model single level
